If you like old school adventures, this series is a must buy.

It's very short indeed, but this game doesn't require a lot of time to make you chuckle.

Kudos to the amount of little details, like how the music dims when you go into the menu, the sweet bashy auto-completion, or the actually really "sexy" CRT mode.

Totally looking forward to see more from this dev. :thumbsup:. Sweet co-op time killer!! Add me (JDOUGH570). I discovered Rusty Lake not long ago but fell in love with the great and interesting stories as well as the gorgeous art style. It's great fun and has the perfect difficulty that leaves you feeling rewarded. I follow and look forward to updates from developers and can't wait for any new games!. This game gives me an encephalon injury.. It's a cute Disney game with a lot of clothes, accessories and flowers to unlock, collecting treasures and gems. All little girls should like it..

How do I activate the Character pass???? Help!! Game is ok.
Community is garbage.

EDIT: Game is dead with 100 to 200 players max, not worth your time.. The main story of the game is to keep the game of poker alive.

One sentence in this game that stands out is "Show them that poker is not just a game of chance"

But... In this game it is.

This is one of the best time wasters that I have on my computer and I love it.

The one problem is that I keep getting screwed over by the computer and go bankrupt.

Then again it might just be my skill.

My Review

Gameplay 8/10

Story: 5/10

Overall: 7/10

. OP commander. It is a genuine looped art demonstration that fits perfectly into a VR space (with added binaural audio).

The screens use heavily compressed video, though, and it shows in the darker scenes and the ones with lots of slower movement.

When I purchased it, it was \$0.99 which I feel is perfectly priced for what it is. This is a good demonstration of what VR can do outside of games.. I brought this on sale thinking it can't be as bad as the reviews. The truth is its worse. Game had a long load time, terrible lag, difficult controls and poor graphics. Unlock a door and it shows as still locked, walk away and try again and its will then open.

This game suffers from a total lack of atmosphere and no save facility. Very surprised its not listed as early access as clearly not ready.

. IM TOO DUMB FOR THIS BU?T LOOKS LIKE A FUN GAME

FLIPPING AROUND MAKES ME DIZZY. Really cool game,

PATCH #1 ---

1 movement is bad , which in turn makes aiming bad,

2 my troops get stuck and so do I when walking into trees,walls,ect ect ..

3, my guns just keep firing sometimes without me clicking..

Keep up the work, looking forward to whats next..

So far ENJOYING
