How can you forge a new future for the people of Mars while facing off against the undead hordes? Battle against new and unique enemies in an open world on Mars, using resources, built infrastructure, and defensive units to secure your city. Mars is a new game from indie developer Daedalic Entertainment, written by Jan Benita and starring a cast of 14 unique characters. It is a story-driven strategy-RPG game designed to tell the full, nuanced story of humanity on Mars. In a future where all life on Earth has been wiped out, the human race has been forced to emigrate to Mars. During its first 100 years on the red planet, humanity struggled to build a safe home there. Now, thousands of years later, Mars is a harsh desert with no life and has been relegated to

---

a state of quarantine. Roughly 500 years after the departure of the last human inhabitants, a plague has spread across the planets. Nobody knows why, what causes it, or what will happen next. The dead are rising. The ancient temple on Mars is the last bastion of hope. Mars is a tale of survival in a harsh environment, the hardships of emigration, and the strength of the human spirit.

Mars is a dynamic strategy RPG where you make long-term decisions that impact the world and survive the perils of the Martian environment. Mars is a survival horror game set on Mars and shaped by humanity. The story of Mars You play as the commander of a small group of colonists that are the last survivors of humanity's first 100 years on Mars. Your mission is to search for the answer to the mystery of the undead plague. You embark on an investigation into the ruins of the temple, where survivors from Earth – and their ancestors – have found a mysterious artifact that will allow you to solve the puzzle of the plague. You'll explore a barren planet and an empty world, and you'll need to manage the colony's needs and resources.

Decisions you make early in the game will impact the colony's future and put you in direct conflict with the forces of the undead. The game has multiple endings, allowing players to build their own story. The game is free to play but offers optional in-app purchases. Mars screenshots: Buy Mars at 82157476af
